

pigmal

New dimensions for this strong and compact awning that provides a very valuable shelter space. Perfect for the winter season and can be used in a small space. It has a reinforced structure and a double apex roof. Adaptable to caravans with at least 2,65 mts of straight caravan rail. Adjustable height - fits any caravan between 230 and 250. It features a new mosquito net on the upper part of the left side panel.

The front panel has two fixed windows and can be closed completely via zip down covers. Each side panel has a door.

**OPTIONAL
UNI STORM STRAPS**
