 Mudflap

Now firmly established as Inaca's best selling acrylic awning in Europe, the Sands comes in a choice of three colours and features a flyscreen window. Easy to use and extremely durable, this awning represents fantastic value for money.

The front wall comprises two panels with two/four fixed transparent windows and a door on each side, allowing all possibilities of variation.

Each side panel features two doors and a window, with the right-hand side panel hosting a mosquito net.

The whole awning may be transformed into a veranda or into a sun canopy.
